Margaret,

Thanks for including us as coauthors, and for giving us the opportunity to review the abstract. We have only one comment for your consideration (see attached), otherwise we think it is OK for submittal.

Best Regards,

Peter, Julie, and Heather

Subject: FW: SOT abstract - PAH RPF

Peter, Julie, and Heather,

Attached is a draft SOT abstract for your review. It has received verbal clearance in IRIS and your review and comments are requested. Please let me know if you have comments or questions.

Note that I will be out of the office for most of the next 2 weeks (EMGS in New Orleans + some leave) and will back on October 1 (Congress permitting). I will be checking email periodically while I'm away

Thanks very much!
Margaret

Subject: SOT abstract - PAH RPF

Andrew and Gina,

Attached is an abstract for submission to SOT 2016. Lynn said to initially send this out to both of you for review. Once I receive a final OK, I will send it to SRC for their review and will prepare to upload it into STICS or otherwise direct it as instructed.

Again, please note that today is my last day in the office until October 1, however, if needed, I will keep tabs on this while I'm away to make sure it keeps moving.

Thanks!
Margaret
